1. Description of Data / Data Elements to be shared

The Foundational Community Supports (FCS) Provider Map dashboard displays the locations, coverage areas, and contact information for the organizations providing FCS services, as detailed below. For information about what the Foundational Community program is, see our [FCS](#) page on the Health Care Authority's (HCA) webpage.

Measure	Description
Service Region	Medicaid Managed Care Region.
Service County	Counties where each provider offers services to clients.
Provider Type	Service type offered by the FCS provider.
Accepting External Referral?	Whether or not the FCS provider is accepting referrals for clients who are not currently receiving other services from that FCS provider's organization.
Employment and Housing Support (SE/SH)	Benefits available to eligible Medicaid enrollees and provided by contracted providers. Services include both Supported Employment (SE, or Employment Support) and Supported Housing (SH, or Housing Support).
Employment Support (SE)	Service provided by FCS provider includes Supported Employment (SE, or Employment Support) which intends to assist enrolled individuals to locate, secure, and maintain employment.
Housing Support (SH)	Service provided by FCS provider includes Supported Housing (SH, or Housing Support) which intends to assist individuals to locate, secure, and maintain housing.

2. Inclusion/ Exclusion Criteria

Providers who are contracted with Amerigroup to provide Foundational Community Supports are included on this service provider's map dashboard.

The dates included in the dashboard are on a monthly basis.

3. Data Source(s)

The data is obtained from Amerigroup, who compiles and maintains the data of the FCS providers' output and capacity report, with applicable provider details.

4. Date product created/ refreshed, and refresh cycle

Dashboard created on May 06, 2019. Data on the dashboard is refreshed monthly, based on information submission from agencies to Foundational Community Supports Third Party Administrator, Amerigroup.

5. Additional details

This dashboard is provided on HCA's website as a Tableau Dynamic Dashboard, located [here](#).

Agency specifics are reported via a monthly Outcome & Capacity report that agencies submit directly to Amerigroup. This data is then used to update the Provider Map.
